

UNM Truman Health Services, in an effort to eliminate barriers and meet federal legislation requirements, has a **Sliding Fee Scale** and **Cap on Out of Pocket Charges*** available to Ryan White and/or Truman Safety Net Program enrolled patients.

** Only available for Ryan White enrolled patients.*

Sliding Fee Scale

Patients enrolled in Ryan White and/or Truman Safety Net Program will be charged a nominal fee based on their Federal Poverty Level. Patients will not be denied service for inability to pay nominal fee.

Individual FPL	Nominal Fee
≤100% of FPL	\$0
101% to 200%	\$1
201% to 300%	\$2
301% to 400%	\$3
401% to 750%	\$5
Outside services* paid by THS (excluding patients ≤100% of FPL)	\$10

**Outside services excludes inpatient, emergency department and ambulance.*

Cap on Out of Pocket Charges

Patients that qualify for the Ryan White Program will have a Cap on Out of Pocket Charges. Cap on Out of Pocket Charges includes (but not limited to): insurance premiums, insurance co-payments, co-insurance and deductibles; office visits, labs, radiology, diagnostic testing, prescriptions and over-the-counter medications, glasses and hearing aids. UNM THS cannot pay inpatient, emergency room and ambulance charges, but these expenses can be applied to the patient's Cap on Out of Pocket Charges.

Patients are responsible for tracking Cap on Out of Pocket Charges. All UNM Truman Health Services charges will be tracked on behalf of the patient. If you would like outside service charges added, please bring in your applicable receipt(s).

Patient FPL	Annual Cap on Out of Pocket Charges
≤100% of FPL	No out of pocket expenses
101% to 200%	Actual patient gross income multiplied by 5%
201% to 300%	Actual patient gross income multiplied by 7%
301% or greater	Actual patient gross income multiplied by 10%
